MILWAUKEE ROAD CLOSED TO THROUGH TRAFFIC

Beloit, Wisconsin (July 16, 2012) – The City of Beloit wishes to inform citizens that Milwaukee Road between Colley Road and Arlington Avenue will be closed to through traffic starting Wednesday, July 18, for sewer repair. Local traffic is allowed onto Milwaukee Road only while traveling to or from a business or other property located on Milwaukee Road. Local traffic is required to use the nearest side street to get to and from their destination. Use of this section of Milwaukee Road as a through route may result in a traffic citation from the Beloit Police Department.

The work on this project should only take one day, and weather permitting, the road should be open by Wednesday evening, July 18, 2012. Surface restoration may necessitate another shutdown of traffic.
