HOLIDAZZLE SCHEDULED FOR THIS EVENING, FRIDAY, DECEMBER 7

Please note the [attached](#) holiday flyer.

2013 CITY COUNCIL NOMINATION INFORMATION

Any City of Beloit resident interested in running for a two-year term on the Beloit City Council may pick up a packet of information in the City Clerk's office, 2nd floor, Beloit City Hall. Please click [here](#) to read the full press release with more detailed information.

PRAIRIE AVENUE RECONSTRUCTION PROJECT

At the time the new Inman Bypass is built, the Department of Transportation, working in conjunction with local jurisdictions, will also be reconstructing Prairie Avenue from Hwy. 11 in Janesville, south to Huebbe Parkway in Beloit. Local officials and residents were given a first look at a set of plans during a public meeting held this past Wednesday. Although we were somewhat disappointed to see a two-lane cross section, which is the same carrying capacity which currently exists along the roadway, there were many projected improvements. The bi-directional lane down the middle of the urban portion of the roadway will certainly improve turning movements and minimize traffic backups. There are also numerous intersection improvements throughout the corridor. Signalization will occur where warranted. The State Department of Transportation is accelerating the schedule for this work in order to have these alternative routes completed prior to the beginning of construction on the Interstate 39/90 project, which is scheduled to begin in 2015.

CITY FINALIZES PLANS FOR IMPLEMENTATION OF THE BACKYARD CHICKEN ORDINANCE

Please find [attached](#) the notice announcing a joint training session sponsored by the Beloit Backyard Chicken Group and the City's Community Development Department. The session is entitled "So You're Thinking about Getting Chickens" and the session has been scheduled for **Saturday, December 15 at 10:00 a.m. in the Beloit Public Library Community Room.**

Also, please note on the City's website that there is a permit application and a FAQ's brochure which describes in detail the Backyard Chicken regulations, under the "Forms" section and "Neighborhood Planning." The City will begin taking applications on Wednesday, January 2, 2013 at 8:00 a.m.

NEW DOG PARK OPEN FOR PUBLIC USE

Please find [attached](#) a press release announcing that the new dog park recently constructed adjacent to Leeson Park is now open for public use. The release provides more details, including the designated rules that have been established for dog park use.

Please note under the section entitled “Dog Park Users Fees and/or Dog ID Pass” that residents who wish to use the park can purchase an annual pass in conjunction with your required dog license. The passes are deeply discounted, will fasten on the dog’s collar, and permit unlimited use throughout the calendar year. Without the pass, there will be a daily fee charged for each visit.

The park will be open for the balance of December without charge, so that residents will have an opportunity to use the facility and determine whether or not you wish to incorporate the park into your pet’s exercise routine. Please note that the park is available for use by dogs only.

HO CHUNK NATION CASINO APPLICATION UNDER REVIEW

The Bureau of Indian Affairs recently announced a public scoping meeting on **Thursday, December 13, 2012** from 6:00 p.m. until the last public comments are received. The meeting will be held at Aldrich Middle School, 1859 Northgate Drive, Beloit, WI in the auditorium. Additional information about the meeting can be found on the [attached](#) formal notice.

The primary purpose for this meeting is to determine the scope and scale of work needed to complete the Environmental Impact Statement prior to the Nation’s fee to trust application to set aside land for development of the Beloit casino project. Interested parties are invited to attend. The Agency will also be receiving written comments regarding possible subjects for study during the Environmental Impact Assessment process.

This is but one step in a fairly lengthy and complex application process. There is still no definitive timeline on when the Bureau and its parent agency, the US Department of the Interior, will make a final decision regarding this project.

SNAPPERS UPDATE

The Snappers lease agreement for Pohlman Field is up for renewal this year. Staff, working in conjunction with the City Attorney’s office, has reviewed the existing document and is proposing a number of relatively minor changes to ensure that the language remains relevant to current operations. Mr. Ramsey, the Director of Parks and Leisure Services, will be meeting with the Snappers and we hope to have a draft on the City Council agenda for the December 17 meeting.

Work on the Pohlman Field improvements is also proceeding. Engineering staff is working on plans and specifications for replacement of the pedestrian concourses and the Parks maintenance crews are working on some of the smaller scale internal maintenance needs within the facility. Once again, we hope to have these maintenance related improvements completed prior to the arrival of the Class A affiliate of the Oakland Athletics in early April.

UPDATE ON I-39/90 WIDENING—43 INTERCHANGE RECONSTRUCTION

Planning is still proceeding with regard to the planned improvements to the interstate highways, including reconstruction of the Interstate 43 interchange at 39/90. Additional “value” engineering has been completed

and the DOT is studying additional alignment options for how this interchange could best be reconstructed. City Engineering staff is also reviewing the alignment options.

As previously noted, we hope to have revised alignment options, along with detailed traffic counts available for a series of stakeholder meetings which will be held early next year. The State Department of Transportation and the Federal Highway Administration are open to comments and suggestions regarding the final alignment decision and will incorporate those comments into the final planning process. Dates and times for those meetings will be announced well in advance.

BOUNDARY AREA ADJUSTMENT AGREEMENT WITH TOWN OF TURTLE

We are working on various issues related to upcoming negotiations between the City and the Town of Turtle related to developing a new, long-term Boundary Area Agreement. Much has been done in terms of preliminary planning for our first meeting; however, we are not quite ready to schedule that session. The hope is still to get one meeting in before the holidays; however, if that does not fit the busy holiday season schedule, we will be meeting immediately after the beginning of the New Year. It is anticipated that there will be a number of significant and some difficult issues that will need to be resolved as part of the Boundary Area Agreement renegotiation, so that this process will likely require an extended time frame to reach a successful conclusion.

COMPENSATION STUDY/NEW SALARY PLAN FOR NON-REPRESENTED EMPLOYEES

Earlier this fall, Council authorized the employment of a consultant to assist the City with doing a compensation study and preparing a new pay plan for the City's non-represented employees, which now include a large number of former AFSCME Union members. Work on that process is well advanced and the HR Director has been working closely with the consultant to begin finalizing the proposed pay schedule. Extensive comparative data has been assembled and also job content questionnaires completed by employees to assist the consultant in placing employees within the appropriate salary range. Although we found a few positions that were substantially under compensated and a couple that were significantly over the comparables, fortunately, most of the positions fall within a reasonable range of the mid-point; either at, slightly above or slightly below but within a range that the consultant felt was acceptable. In order to provide the time necessary for the consultant to complete her task and to make sure we provide adequate time to present the proposal to various stakeholders for input, this item will likely not go to Council until sometime in late January or very early February. As soon as the internal review process is completed, a Council workshop will be scheduled and the consultant will make a formal presentation, as well as answer questions. While we are running a little behind the schedule we set last fall, we would much prefer to take the extra time to ensure the accuracy and validity of this new pay plan as opposed to rushing forward to meet an arbitrary schedule.
