

FOR IMMEDIATE RELEASE

Police Monitor School Zones in Beloit

Safety is a top priority for the School District of Beloit and the Beloit Police Department

October 1, 2014 Beloit, WI- The School District of Beloit's 2014-2015 school year is off to a great start. The \$70 million dollar referendum projects are nearly completed with the exception of the Fran Fruzen Intermediate School on Milwaukee Road. The recent construction of the remaining buildings not only upgraded the interior of the school buildings, but also made significant changes to many school sites altogether. New parking lots, pick-up/drop-off lanes, and bus areas have been added to almost all of the Beloit schools. With the numerous changes that have occurred in the last twelve months, the Beloit Police Department and the School District of Beloit want to remind drivers and students of safety precautions to help keep everyone safe.

The City of Beloit and the School District of Beloit take safety in school zones very seriously. Below is a list of common signs found in school zones and they are accompanied with safety tips. The goal of educating the drivers is to increase voluntary compliance with the traffic laws. Please note that the Beloit Police Department will patrol the school zones year round to ensure the laws are being followed. Fine amounts in school zones are doubled, and start at \$223.00.

Signage

School signs are typically yellow or fluorescent yellow-green in color. The shape of school signs are typically a pentagon (pointed up) or a large rectangle indicating the speed limit information. Below are examples of typical school signage used within the City of Beloit.

Tips for Drivers

- Slowdown in school zones, the official posted speed limit when traveling through a school zone is 15 MPH.
- Drivers must utilize the new parking configurations or use designated pick-up/drop-off lanes when dropping off or picking up students.
- When dropping your children off at school, please allow an extra few minutes in case traffic is heavy.
- Do not park in areas posted with “No Parking” signs or designated “No-Parking Zones.”
- Be alert, children are unpredictable and are likely to dart between cars or forget to look both ways before crossing in front of vehicles. Child safety is a priority.
- Do not text or talk on the phone while driving.

Walking or Biking to and from school

- Everyone must follow traffic signals and rules when walking or biking to and from school.
- Cross the street at crosswalks or intersections with crossing guards whenever possible. Never cross between parked cars.
- Always stop, look all directions and listen before crossing the street at crosswalks or intersections.
- Make sure students know a safe route to and from their school. Map out a route and check periodically to make sure that the students are following the designated route.
- Be aware of your surroundings. Students should watch for slow moving vehicles or parked cars that are occupied.
- Students should tell an adult if they feel uncomfortable with their surroundings.
- Do not text while walking.

The School District has over 15 crossing guards stationed throughout the City to help students safely cross the street. All of the School District crossing guards have a stop paddle to use when guiding students across the street. Drivers must stop if they are directed by the school crossing guard to stop. Drivers shall stop their vehicle and remain stopped until the school crossing guard directs the drivers to proceed. The fine for failure to stop for an adult crossing guard is \$188.00.
