Lane Closures Expected on Pleasant Street Next Week

April 18, 2018 - Work crews representing AT&T will be installing new cables near Pleasant Street and Public Avenue, which will result in lane closures next week.

The project is expected to start the week of April 23. The two northbound lanes on Pleasant Street will be closed for several days. Lanes will be readjusted to provide one lane of traffic in each direction throughout the duration of the project.

As the weather improves, road construction and utility projects will become more prevalent in the City of Beloit. Utility and government crews will be performing work throughout the area at various times. Drivers should slow down in work areas and pay close attention to signs in the area to guide motorists through work zones.
