## No Wipes Down the Pipes

We know...toilet paper is in high demand right now. Just a gentle reminder from our Water Resources Division that even though a product may say it is "flushable," we should not flush anything except toilet paper.

Don't flush:

- Diapers
- Flushable, disposable, cleaning or baby wipes
- Paper towels
- Feminine hygiene products
- Facial tissue

Putting these items down toilets may plug sewers and cause raw sewage to back up into your home.

## Construction on IL-251

IL-251 construction will begin on March 30, 2020 and is expected to be completed in October, 2020.

From Elevator Road to the Wisconsin State line, Hwy. 251 will be limited to a single lane of traffic for Northbound lanes and a single lane of traffic for Southbound lanes. This area is designated as normal daytime work; please expect delays in traffic during peak daytime hours.

From Forest Hills Road to Elevator Road, the section is designated as night-time work; both lanes will be open during daytime hours.

IL-251 will be accessible at all times. There will always be at least one lane open in each direction for traffic and there will be no full road closures taking place for this project.
