**Henry Avenue Resurfacing Public Information Scheduled for August 18**

**August 9, 2021** - The City of Beloit is holding a public information meeting to share plans about the Henry Avenue resurfacing project that is planned to begin in September.

The open house-style meeting will be held from 4-6 p.m. Wednesday, August 18, at 2400 Springbrook Court. All attendees will be required to wear a face covering while at the meeting.

Henry Avenue will be resurfaced from Riverside Drive to Royce Avenue in 2021. Additional resurfacing work will take place in 2023 between Royce Avenue and Prairie Avenue when state funding becomes available.

The project primarily consists of the removal and replacement of the road surface. Some curbs, driveways, and sidewalk ramps will be replaced as well. A new pavement marking pattern will reduce the number of vehicle lanes from four to two and will provide dedicated on-street bike lanes.

The project is expected to begin in early September and last through November, weather permitting.
