South Beloit to Contract Fire Chief from City of Beloit

The South Beloit City Council and the Beloit City Council approved an intergovernmental agreement this week that provides a deputy fire chief from Beloit to serve as fire chief on a part-time basis in South Beloit. Deputy Chief Jason Griffin will serve as the fire chief in South Beloit.

This agreement paves the way for the two communities to partner together in a fiscally responsible manner while continuing to provide a high level of service to residents in both jurisdictions. The two fire departments will remain separate entities; however, the ability to operate without jurisdictional boundaries will provide a greater level of service to both communities by allowing closest available resource to respond to emergency incidents.
