How to Save While Filling Pools This Summer

One of the more frequently asked questions during summer is if the fire department will fill pools. While it's understandable that people are interested in having a way to cool off this summer, we do not use city resources to fill pools.

If you're looking to save some funding on your wastewater bill, the City of Beloit water resources has a portable rental kit for a short period of time for filling pools or watering a new lawn. The flyer for the program and the rental form are below.
