STORM DEBRIS CLEAN-UP

April 6, 2023 - City of Beloit Public Works crews will collect branches and/or limbs downed by severe weather over the past few days. Crews will collect storm debris from the curb from residential properties only. We ask that you contact us at 608-364-2929 to be placed on a list so that we can effectively schedule clean-up efforts. If you call by 4pm on Monday, we will do our best to ensure pickup is completed at your location the week you call.

We will be offering this service for the month of April and ask that it be limited to areas known to have been impacted by the significant severe weather that Beloit has experienced since March 31st. Debris does NOT have to be bundled or tagged; this is a free pick up for storm debris only. The debris should NOT be placed on the sidewalk, please keep the sidewalks clear.

If you have construction related debris from the storm, please contact us at 608-364-2929 to determine proper disposal of the materials.
