Beloit Public Works Department to Celebrate Public Works Week

May 10, 2023 - The community is invited to join the Public Works Department as we kick-off National Public Works Week and celebrate in beautiful downtown Beloit. Public Works Week is May 21-27, 2023.

Join the City of Beloit Public Works Department at the Beloit Farmers' Market from 8am to 1pm Saturday, May 20, for our Public Works Week event. Celebrate all the great things that happen in our department; engineering, water resources, parks & recreation and operations will all be present for this event to highlight how public works impacts our community.

This year's theme is: "Connecting the World Through Public Works." We will be bringing all of the big equipment for kids to explore. Each child will be provided a passport at the check-in table. The passport can be stamped at each Public Works booth that features a different country. After the passport is filled out, the child can exchange it to spin the wheel for a prize.

Follow the City of Beloit Public Works Department on Facebook at www.facebook.com/beloitpublicworks for a behind the scenes look at Public Works.
