## Traffic Calming Project

We will soon start narrowing Milwaukee Road east of Turtle Creek in an attempt to slow traffic leading into the Milwaukee Road/White Avenue curve. Paint and barricades will be installed to help calm traffic in the area.

The traffic calming project is in response to resident requests to slow speeds at the intersection, as well as a review of traffic speeds and traffic crashes in that area.

The project is funded through the U.S. Department of Transportation Safe Streets and Roads for All, with a 20% local cost share. We will review speed data at the intersection to determine if this will be a temporary or permanent solution.
