

PUBLIC NOTICE

The City of Beloit is in the process of preparing its 2015-2019 Consolidated Plan for submittal to the Department of Housing and Urban Development. This is a five year strategic plan that specifies how the City plans to address community needs through its Community Development Block Grant funding. There will be a series of three public meetings to provide citizens and other interested parties an opportunity to give input on community development, housing, and homeless needs in the city. Each public meeting will address a different topic about the needs of the Beloit community. The City has invited various community leaders and agency representatives to comprise a Steering Committee for each meeting and topic as well.
