### Big Hill Park Improvements

Park and Recreation Commissioner, Mark Preuschl says *"I especially liked what our City's Park and Rec staff did in the little "grotto" area at the 1/2-way point along the big trail that goes along THE big hill (AKA Old Model T road). Not only did they clean it out, level it off and repair the washouts, but they "built" a little bench out of rocks and a log, sitting next to nicely shaped lonely sapling. "*

Better hurry! Not much time left this year to enjoy the park, weather dependent, the lower park is closed for the winter.
